

The problem of \_\_\_\_\_ has been discussed a lot lately. There are different opinions whether \_\_\_\_\_ or \_\_\_\_\_

In my opinion, \_\_\_\_\_

There are some reasons for my point of view. Firstly, \_\_\_\_\_

Secondly, \_\_\_\_\_

For example \_\_\_\_\_

Finally, \_\_\_\_\_

However, some people think differently. They claim that \_\_\_\_\_

Moreover, \_\_\_\_\_

I completely disagree with this opinion because \_\_\_\_\_

To sum up, I 'd like to say that \_\_\_\_\_

Some people can disagree with me but I am strongly in favour of \_\_\_\_\_
